

LASERAIMER

Pen

The Q1201C & LaserAimer are used with DT Series Flame Detectors (X3301, X5200, X9800) for identifying the detector's cone of vision (COV). The Q1201C easily attaches to the front of the detector for use during system startup, checkout and re-alignment.

LASERAIMER

The battery powered Laser projects a red beam of light and has a switch for turning the device on and off. A battery is included with the unit.

WARNING

Do not allow Laser to shine directly in eyes.

WARNING

The Laser is not an explosion-proof or intrinsically safe device. Do not use in areas that require these ratings. Do not use in combustible atmospheres.
